ELEGANCE WITH CHARACTER

Cupola; elegance with character as a form of expression.

The pursuit of distinction and style leads us to a sober, discreet, and harmonious aesthetic, yet full of strength and personality. The Cupola collection, with its warm beauty, stands out without excess, while still becoming the clear protagonist of any space.

Three formats: 120x120, 60x120, and 80x80 cm. Two colors: Taupe and Bone. One special piece plus a mosaic make Cupola a versatile collection, whose small details and subtle nuances highlight the naturalness and realism achieved by Arcana in its finest ceramic pieces.
