### **Complementary Contrasts**

Spuma & Mousse, two collections designed to contrast in harmony. Two distinct identities of diverse and independent beauty, delicately and versatilely enriching the spaces in which they coexist. Adding style and personality.

Mousse, so relaxed and discreet, with subtle appeal and contemporary charm, provides the sensible counterpoint to Spuma, with bold creativity and nonconformist beauty, resulting in a perfect complement.

Two porcelain collections, in multiple tones and formats, ranging from large 120x120 cm pieces to small 8x31.5 cm tiles. A white-body wall tile in 45x120 cm completes a ceramic offering so original and varied that it leaves no one indifferent.
